

Make your own AMBULANCE!

Color in and cut-out around dotted lines and fold. Have your parents help with the slitted areas.

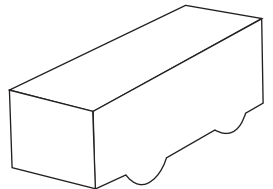

Tools

Scissors
X-Acto Blade
Crayons or Markers
Tape or Glue

Directions

- 1) Color ambulance with crayons or markers.
- 2) Cut slits for tires carefully with X-acto Blade. Ask parents for help.
- 3) Cut out ambulance along dotted line with scissors. Don't cut too close to wheel slits near tabs.
- 4) Fold along all heavy black lines. Gently pull wheels out from bottom fold.
- 5) Glue or tape tabs inside of firetruck.
- 6) Head to the nearest rescue call!
